

1937 POLK'S GF CITY DIRECTORY NOTES

	A	B
1	City Directories sometimes contained information about recent	
2	deaths. The 1937 Polk's Great Falls City Directory contained	
3	information about over 400 deaths in the recent past; some-	
4	times the only mention was that a woman was now a widow--	
5	the opposite was never mentioned. Children who had died	
6	were not listed in this particular City Directory--thus, the	
7	list cannot be used as a local Death Index substitute. However	
8	the Directory does contain information about deaths which	
9	might not be shown elsewhere. Use the information as you	
10	would any other secondary source--seek original documents	
11	to confirm the information found.	
12	Information provided by Janet D. Thomson, Researcher.
